TULCHAN DEVELOPMENTS - TRACK RECORD

The Directors of Glasgow based developer Tulchan Developments have worked in partnership over a number of years delivering major warehousing and logistics projects throughout Scotland.

Completed projects include the land sale for the distribution hub of 750,000 sqft for Tesco at Livingston on the M8, 40,000 sqft for Geopost / DPD at Newbridge in Edinburgh, 70,000 sqft for DPD at Eurocentral M8 and the regional distribution facility for Co-Op at Inverness Airport Business Park. Tulchan are also in the process of delivering a new bespoke warehousing facility of 47,000 sqft for a major occupier customer in the West of Scotland.

To ensure swift deliverability of schemes to meet customer's individual requirements, Tulchan are backed by an experienced team of professional and design consultants.

ORCHARD PARK - PLANNING AND TIMELINE

Planning permission (FULL) is now granted for business/employment uses, Classes 4, 5 and 6. Roads access from Eurocentral has already been extended into the site and public utilities and drainage connections are agreed.

On site Q1 2023.

Practical completion Q4 2023.

'Build to Suit' proposals for industrial and logistics occupiers can be prepared and costed, bespoke to specific requirements. Delivery on a turn-key basis can be achieved in a 12–18-month period from commitment to the location. Occupier requirements and fitting-out works can be built into the construction period.

The overall site will have common access roads, services infrastructure and an approach to signage and security. These, in addition to a landscaped 'parkland' setting, will be maintained under a service charge arrangement by the Landlord.

SOCIO ECONOMIC INFORMATION

North Lanarkshire is one of Scotland's fastest growing economies with a 41% increase between 2008-2018 to £7,602 million and its business base has grown by 24% over the last decade with 8,390 businesses based there in 2020.

North Lanarkshire occupies a strategic location in Central Scotland and has the advantage of unrivalled transport links. New employment sites have been unlocked over the last decade, particularly along the M8 corridor. These developments have transformed North Lanarkshire's business offering whilst at the same time freeing up former urban industrial locations for transformation into other community uses, such as housing, leisure and open spaces.

Transportation improvements are set to continue throughout the area, particularly with significant infrastructure developments planned as part of the £202m City Deal investment proposals. Meanwhile the DigitalNL programme will deliver a world class digital infrastructure for North Lanarkshire's residents and businesses.

With rail freight provision with Eurocentral and Mossend, direct access to the M8, M73, M74 and M80 motorways and over 24 million sq. ft of industrial stock, North Lanarkshire is ideally placed to become the primary logistics hub for Scotland.
